

**Commissioner Meeting
October 7, 2021**

Commissioner Marke Roberts called the meeting to order at 9:00 am. Present were John Hokana, Joel Hamar, Dean Simek, Jerry Walsh and Chairman Marke Roberts. States Attorney Kim Radermacher and County Agent Administrative Assistant Shirlene Wagener were in attendance via electronic means. The media was not present. The Pledge of Allegiance was recited

Additions to the agenda
Recap from NDACo Convention
Legislative Redistricting
Base1

Walsh made a motion to approve the minutes from September 21st with corrections. Hamar seconded. Motion carried.

Hokana made a motion to approve the presented vouchers. Simek seconded. Motion carried.

Hamar made a motion to increase the approved maximum amount allowed for flex dollars for medical expenses from \$2,700 to \$2,750, which is the maximum amount allowed by the Federal government. Walsh seconded. Motion carried.

Walsh updated the Commission on the NDACo convention and resolutions passed by the County Commissioner Association. Walsh also updated the Commission on the ND DOT meeting. Dickey County's federal aid amount could increase by approximately 30% if the current infrastructure bill passes. Walsh and Sheppard had attended the ARPA seminar on how the funds could be used.

Treasurer Wonada Lematta, Sheriff Chris Estes, and FEMA Administrative Assistant Amy Mittleider joined the meeting at 9:20.

Hokana stated the South Country Human Services Zone meeting is next week. Hokana stated that Zone Director Michelle Masset had sent an e-mail commending the actions of the Dickey County Sheriff's office during the court case earlier this year.

Mittleider informed the Commission on the status of the FEMA projects for 2020 that she is currently working on. Mittleider is also working with Sheppard to locate possible grant money to repair the steps at Door 1 (south door). Mittleider stated she has not worked much with grant writing and would like to ask the Commission for the approval to attend a class on-line on grant writing, at a cost of \$1,000. Walsh made a motion to authorize Mittleider to register for the class. Hokana seconded. Motion carried. Discussion followed concerning other opportunities for grants that Mittleider should be looking at. Sheppard will forward to Mittleider the information used when the grant was applied for with the USDA for the lower-level project.

Discussion followed concerning the hiring of a replacement for the Deputy Tax Director position. The replacement starts October 25th. No motion was made to hire the person. Commission stated they could have a special meeting if needed so that a motion can be made to hire staff. Sheppard will review the minutes to verify how new hires have been handled in the past. A policy should be set so that it is handled the same in each situation.

Lematta presented the ten properties that have 2018 taxes not paid. These parcels will be on the tax sale in November if the taxes are not paid at the time of the sale. Lematta gave the Commission the total of taxes, interest and penalties, and any special assessments due on each property. The \$20 filing fee was added to the total taxes, interest and penalties, and special assessments to set the minimum price. A notice will be sent to the cities of Oakes and Ellendale of the hearing at the next meeting, October 19th, to finalize the minimum price.

Sheppard presented a request from the city of Ellendale for a signature on a certificate of significant support to purchase a new police vehicle. Walsh made a motion to sign the certificate. Hamar seconded. Motion carried.

Risk Manager Cresta Miller and Deputy Treasurer Lori Wald joined the meeting via electronic means at 10:15.

Estes discussed the need for a location to store impounded vehicles. Any storage costs would be charged to the owner of the vehicle. The vehicle would need to be stored for two or three days so that the investigation can be completed. No motion was made. Sheppard will send the contact information for the Fair Board, as their buildings may be an option for storage of impounded vehicles.

Estes asked for clarification as to the storage closet across the hall from the elevator entrance in the lower-level. Simek made a motion to include the storage closet opposite the elevator in the lower level of the Courthouse as part of the Sheriff's department. Hokana seconded. Motion carried.

Estes update the Commission on the issue of replacing vehicles and the lack of vehicles at this time. A decision was made to continue using their vehicles until the vehicle needed can be ordered.

The meeting went into recess at 10:35 and returned at 10:40.

Walsh updated the Commission on the lower-level project. A decision was made for JDH Construction to give Dickey County a credit of \$1,800 for the cleaning of the basement after the project is completed. The Janitorial staff will complete the cleaning during normal working hours. The lower-level bathrooms are now open and available for use.

KLJ Engineer Bryan Tykwinski, RDO representative Jeree Meyer, Butler Machinery representative Bruce Mathias, and Highway Superintendent Jeff Hagen joined the meeting at 10:45.

Sheppard presented a letter from the ND State Fair Convention requesting a delegate from Dickey County. Sheppard had requested information from the local NDSU staff concerning their interest but have not heard back from them. Sheppard will check from them again, as well as contact the county fair board chairman about choosing a delegate.

Commission discussed the redistricting of the legislative district currently being worked on in Bismarck. Sheppard presented the map that will be presented for a vote during the Legislative Special Session. The map shows Dickey County as a part of District 28 only.

Hamar made a motion to open the bid opening for at least three motor graders. Simek seconded. Motion carried.

Two bids for motor graders were received, one from Butler Machinery and one from RDO Equipment. Each bid with options is listed below:

Butler Machinery with a bid total with options and exceptions for each machine of \$361,425.24 on a CAT 150 AWD with 272 HP

RDO Equipment with a bid total with options for each machine of \$387,268.00 on a John Deere 872GP AWD with 300 HP

Discussion followed concerning the difference in horsepower of each machine, along with the exceptions not included on the CAT 150. Exceptions included CAT does not offer a steering wheel in this model, circle is top adjust easy adjust and no other maintenance required, fuel tank is 105 gallons compared to 110 gallons on the bid specification sheet, and 5,000-hour service on the diesel particulate filter compared to the 15,000-hour on the bid specification sheet. Five-year lease options were reviewed with both firms, with Butler Machinery at \$42,067.41 per year with a purchase option of \$163,170 at the end of the lease, which was included with the bid, and RDO Equipment at \$38,812.02 per year with a purchase option of \$197,300 at the end of the lease, which was given to Sheppard during the bid opening. The delivery dates for each firm were August 2022 for Butler Machinery and December 2021 for RDO Equipment.

Pending States Attorney Radermacher's review of the bids presented today and in the best interest of Dickey County, Walsh made a motion to accept the bid from RDO, based on the lease bid price, non-conformity of the bid from Butler Machinery to the bid specification sheet, and the timing of the delivery of the equipment. Simek seconded. Discussion concerning the cost savings of leasing the equipment through RDO Equipment versus Butler Machinery was also discussed, as we don't intend to purchase these machines. Roll call vote with Hokana yes; Hamar yes; Walsh yes; Simek yes; Roberts yes. Motion carried.

Tykwinski gave an update from the ND DOT meeting from Tuesday at the NDACo conference in Bismarck. As discussed earlier, an increase of 30% on federal aid could be possible, if the current infrastructure bill were to pass in Washington DC. Extra bridge funding may be possible as well.

Tykwinski discussed the e-mail Sheppard had forwarded to the Commission and himself on the Highway safety program funding that the County could apply for. The funds are a 90%/10% split. Options were discussed that could be applied for to use these funds. Construction would not be until 2023 at the earliest.

Hagen informed the Commission that the propane bid opening is scheduled for the next meeting, October 19th.

Roberts discussed with Hagen about soft spots that are on County Road 5. Hagen stated he would look at the road and see if there could be something done to fix those soft spots.

Walsh presented to the Commission information concerning a piece of equipment to repair roads, which includes full depth reclamation. A video on the website www.asphaltzipper.com was shown. With the cost of road repair and limited funds available, Walsh feels that Dickey County should consider new options and technologies that are available to maintain and improve our current road inventory, both asphalt and gravel. No action was taken.

Hokana made a motion to adjourn at 12:45.

**Commissioner Meeting
October 19, 2021**

Commissioner Marke Roberts called the meeting to order at 9:27 am. Present were Joel Hamar, Dean Simek, Jerry Walsh and Chairman Marke Roberts. The media was not present. The Pledge of Allegiance was recited.

Additions to the agenda
Asphalt Zipper representative
Road in Northwest Township
Motor grader bid

Hamar made a motion to approve the minutes with corrections from October 7, 2021. Walsh seconded. Motion carried.

Deputy Treasurer Lori Wald, Deputy Auditor Stormy Bertsch, and Administrative Assistant Shirlene Wagner joined the meeting at 9:30 via electronic means.

Hamar made a motion to approve the vouchers presented with the additions of a payment to Jerke Irrigation for repairs to the sprinkler system, along with payments Dickey County Treasurer for overpayments of taxes and payments received for tax foreclosure property reclaimed by the legal owner and to the County Recorder for filing fees to record the deeds on this property. Simek seconded. Motion carried.

Treasurer Wonada Lematta joined the meeting at 9:45 and Sheriff Chris Estes joined at 10:00.

Lematta presented the Pledge and Quarterly report for the third quarter. Walsh made a motion to approve the report. Hamar seconded. Motion carried.

Lematta presented information concerning the purchase of CDs to renew a CD purchased earlier that had matured, along with the purchase of another CD for the ARPA funds received in August. Walsh made a motion to purchase 2 CDs in the amount of \$500,000 each at Dakota Plains Credit Union. Simek seconded. Motion carried.

Sheppard presented the financials report for the month of September. Hamar made a motion to approve the report. Simek seconded. Motion carried. A decision was made to add a line on this report of the cash balance on hand at the end of the month for the county and all pass-through agencies.

Discussion concerning the policy of the hiring of new staff and the need for approval from the Commissioners for that hiring. Hamar made a motion to authorize States Attorney Radermacher to review the policy manual concerning hiring practices and to report back to the Commission her findings. Roberts seconded. Motion carried.

Tax Director Don Flaherty, Family and Community Wellness Agent Danielle Dinger, NDSU Central District Director Dena Kemmet, and County Agent Breana Kiser joined the meeting at 10:15.

Flaherty requested funding to have the former Deputy Tax Director Denise Olson be allowed to return to Dickey County for up to seven days to train assist in training her replacement. Flaherty will be training her as well. Olson would be working specifically with the residential assessments. Walsh made a motion to authorize Flaherty to hire Olson for up to 7 days, not including travel or benefits, and to be completed by the end of 2021. Roberts seconded. Motion carried.

Flaherty is requesting also to allow the replacement to start taking classes in 2021. There is state required training that could be completed on five on-line courses and additional training in Bismarck in person November 15th through 19th. Flaherty stated that the savings created due to the timing of the hiring of the new deputy, Nicole Kempf, the amount projected in his budget for 2021 would cover these expenses. Hamar made a motion to approve the training. Simek seconded. Motion carried.

Simek made a motion to open the Minimum Tax Sale Price hearing. Hamar seconded. Motion carried. As there was no one in attendance, Hamar made a motion to set the values at the amount set at the October 7th meeting. Walsh seconded. Motion carried.

Walsh made a motion to close the hearing. Simek seconded. Motion carried.

Dinger gave an update on activities with the 4-H clubs and the decrease in numbers they are seeing in involvement. Discussion followed concerning reaching home school kids. Dinger presented a picture of a highway sign that many counties use, showing the counties support of 4-H.

Kiser gave an update on the fall conference that was attended by Kiser and Dinger. A presentation was made at the conference on grain entrapment accidents.

Kemmet spoke with the Commissioners concerning changes made in the law concerning the amount of tax mills that a county can collect for the County Agent fund. The projected mills for the County Agent for the 2021 tax year is 2.10 mills and the law only allows 2.00, starting in tax year 2024. The county will need to have a measure on the ballot to request additional funding for this program or fund the balance through the General Fund if the measure would not pass. Kemmet distributed a copy of ND Century Code 11-38 for their review. No action was taken.

Commissioner John Hokana joined the meeting at 10:40 and Highway Superintendent Jeff Hagen at 10:50.

Roberts discussed with the Extension staff concerning the county delegate for the State Fair Convention in November. After some discussion, Hamar made a motion to appoint Kiser as the delegate for Dickey County. Hokana seconded. Motion carried.

Sheppard presented a Certification of Significant Community Support form for the city of Ellendale for the purchase of an ambulance. Walsh made a motion to sign the certification. Hamar seconded. Motion carried.

Hamar made a motion to open the propane bid hearing. Walsh seconded. Motion carried.

Three bids were received and listed below. The bid is for 20,000 +/- gallons for the 2022 heating season.

Farmers Union Oil Company, Ellendale - \$1.77/gallon

Economy Propane LLC, Oakes - \$1.60/gallon

Agtegra Cooperative, Oakes - \$1.84/gallon

Hokana made a motion to accept the bid from Economy Propane in the amount of \$1.60 per gallon. Simek seconded. Motion carried.

Walsh made a motion to close the propane bid hearing. Simek seconded. Motion carried.

Asphalt Zipper representative Dave Fokken joined the meeting via electronic means at 10:55.

Walsh updated the Commission on the lower-level project. Employees are moving into their new remodeled spaces and the finishing touches are being done by the contractors. A walk-through was done Tuesday, October 12th and the authorization to issue the Certificates of Substantial Completion was completed. The one-year warranty on the work completed starts as of that date. Sheppard informed the Commission that the Open House has been set for November 19th from 2:00 to 4:00.

Radermacher discussed with the Commission the acceptance of the RDO Equipment bid at the bid hearing for motor graders from the October 7th meeting. Radermacher stated that based on the fact that the Butler Machinery equipment did not match the requirements given for the bid, the price comparison was not an actual comparison of equal machines. Radermacher felt that it is in the best interest of Dickey County to accept the bid from RDO Equipment, even though it is not the low bid. Radermacher stated, in her opinion, that the acceptance of the lease option from RDO Equipment representative not included in the original bid was acceptable in the fact that the document was generated and shared with the Commission in May. In the requirements given in the advertisement, the bids were to be sealed and Butler Equipment bid was not sealed when received. No action needed. Commission stated that Radermacher has the authority, as States Attorney, to discuss the issue with Butler Machinery.

Sheppard presented the annual Maintenance Certification for Federal Aid roads for signatures, certifying that the county will continue to maintain federal aid roads. Simek made a motion to sign the certification. Hokana seconded. Hokana seconded. Motion carried.

Hamar reported on a phone call received from Bart Schott, a resident of Northwest Township, concerning the road west of the Country Club south of Kulm. The road is a township road, but Schott is asking for assistance in some way to fix the road. The road is under water and farmers have to drive on other farm land to get around the water. Hagen stated he would go look at the road and report back to the Commission at the next meeting.

Hagen reported that the work to be completed at the railroad crossing by Merricourt has been postponed until next week, because of the availability of a contractor to do the work. The work may have to wait until next year

Hagen presented the backup to the Commission on the bidding process for the purchase of fuel when needed. Hagen calls four vendors, three in Dickey County and one outside of Dickey County. Commission would like to see the purchase stay in Dickey County and think there should be some guidelines for Hagen to follow in making that decision. Discussion followed concerning options for the guidelines. Hokana made a motion to bid the fuel purchase to only Dickey County vendors. Simek seconded. Discussion followed about the drawbacks of limiting it to just county vendors. Roll call vote with Hokana yes; Hamar no; Walsh no; Simek yes; Roberts no. Motion failed.

Discussion continued about guidelines for the purchase of fuel. Roberts stated he would like to see a preference given by a percentage basis. Roberts made a motion to accept the lowest bid, with giving preference to Dickey County vendors within 1% of the low bid preference. Walsh seconded. Roll call vote with Hokana yes; Hamar yes; Walsh yes; Simek yes; Roberts yes. Motion carried.

Walsh introduced Dave Fokken with Asphalt Zipper, who gave a presentation concerning the equipment discussed during the October 7th meeting, which included full depth reclamation. This equipment would be an attachment to our current road equipment to reclaim the road into base material. Fokken stated that the maintenance depth would be 12 inches. The number of staff needed to run this piece of equipment is two. Fokken offered to bring in the machine this fall so that the Commission sees how it works. Discussion followed concerning talking with other counties around us, including LaMoure County who has the machine. No action was taken.

Estes presented the Barnes County jail contract to be signed by the Chairman. Estes stated that there was an issue last week trying to find a jail to hold two individuals, which took approximately seven

hours to locate. One issue was contracts had not been signed. Hokana made a motion to sign the contract. Hamar seconded. Motion carried. Estes is waiting for a contract from Burleigh County, Brown County, and Grand Forks County.

Hokana reported on a meeting concerning a CO2 pipeline that is being constructed that will pass through a portion of Dickey County. Hokana had attended a meeting in Oakes last week to hear their presentation. Hokana informed the Commission that he had invited them to come do a short presentation at a Commission meeting. Sheppard stated that she had been notified and was working with the firm to get a date set.

Hokana motioned to adjourn at 12:38.
