A Scale Drawing must be submitted showing the dimensions of all structures on lot & distance from lot lines & setback requirements. Attach additional sheets if needed. Also include photocopies of all existing floor plans, site plans, surveys, etc. with the application.

As part of the application process, the applicant shall be required to state whether the building or structure is reasonably anticipated to have a significant impact on the transportation system. A structure is deemed to have a significant impact on the transportation system if, over a period of one year, it will have an average daily usage of at least twenty-five motor vehicles whose gross weight exceeds sixty thousand pounds [27215.54 kilograms]. If the building or structure is found to have or will have a significant impact on the transportation system, the director of the Department of Transportation shall be notified by the Planning and Zoning Department and be given an opportunity to comment on the application. However, approval of the director of the Department of Transportation of the proposed structure is not required. (NDCC Section 11-33-18(2)).
